

IDENTITY PROCESS CONSTELLATIONS!

WAKING UP TO WHO WE TRULY ARE

- ♥ Move beyond fear.
- ♥ Connect with your true Will.
- ♥ Dispel conditioning.
- ♥ Heal what's been unlovable.

Discover what's been hidden from consciousness by bringing gentle attention to the trauma that has been under everything. We'll shift from surviving and coping from fear to opening and manifesting from love. Once you have more of your true identity, your real desires kick in and heightened presence, synchronicity, and magic permeate your life!
